

**Subject: Three Year Warranty for the 910FS and 915FS Fusion Splicers**

**From: Keith Foord – Product Manager – Fiber Optic Instrumentation**

**Date: June 2, 2017**

All 910FS and 915FS splicers shipped from the Vista California plant starting Monday June 5 will have a three year warranty which is extended from the previous one year period.

All service and repair is performed at the Vista California location or at an authorized service center.

The current RMA procedure remains in place.

Best regards,

Keith Foord  
Product Manager
