

Premier Tool Manufacturer Since 1958 Multi-function Kevlar® & Wire Cutting Shears, 7" - KWC-700 | Data Sheet

J

Designed with serrated blades, large cutting notch, non-insulated terminal crimpers, and spring-loaded handles the Jonard Tools KWC-700 Multi-function Kevlar[®] & Wire Cutting Shears are the ultimate scissors for any fiber technician or electrician. These cutting shears feature the following:

- Blades made from 4034 Japanese stainless steel for the best cutting performance and long life •
- Curved handle design with spring-loaded handles greatly reduce hand and wrist fatigue •
- Handles are made of dual component nylon and Santoprene[™] materials for superior comfort and long term durability •
- Serrated blade edge grips Kevlar and other delicate materials firmly while cutting •
- Round cutting notch cleanly cuts soft copper cable up to 6 mm or soft metal wire 2 mm •
- Built-in terminal crimpers crimp non-insulated terminals for 22 14 AWG wire •
