GREENLEE®

A Textron Company

When it comes to bending conduit, electrical contractors know Greenlee benders have long been the industry standard, whether you're bending EMT, IMC or rigid. Now Greenlee's introduced the next generation of hand benders, designed to make bending conduit that much faster, safer and easier on the job site.

With an entire family of new and improved bender heads, handles and head/handle combinations to choose from, Greenlee's SITE-RITE® hand benders offer a great selection of sizes of the toughest, yet easiest to use benders on the market today. Greenlee offers both aluminum and iron head castings to meet the user's preference for feel and weight, both featuring industry-leading durability and performance, as well as Greenlee's patented SITE-RITE® sighting system. Greenlee's SITE-RITE® sighting system provides for accurate head-down bends, and features cast-in markings for head-up bending as well as for producing stub-ups, offsets, saddle bends and back-to-back bends.

Power Pedal
feature on 1¼" benders.

SITE-RITE® Hand Benders Feature:

- Superior, patented SITE-RITE® sighting system featuring cast-in, readable markings on the bender heads and a finish that provides for the best visibility in low-light. This is a key feature for bending angles quickly and easily.
- A choice of aluminum or iron alloy construction provides options depending on the user's preference for feel and weight.
- A strong, stable square hook design.
- Lifetime Limited Warranty
- The aluminum and iron 1¼" bender heads both offer the power pedal feature with a larger foot area on the head for greater control, stability and leverage.
- The aluminum and iron 1/2", 3/4" & 1" bender heads all have enlarged foot pedals and increased toe room to ensure greater control, stability and leverage.
- All the bender handles are a consistent diameter, offering a bigger grip area, while still straight up and down for fast 30 degree bends.

Crisp Markings
for best visibility in low-light.

Bigger Grip Area
with consistent diameter.

Bender Handles

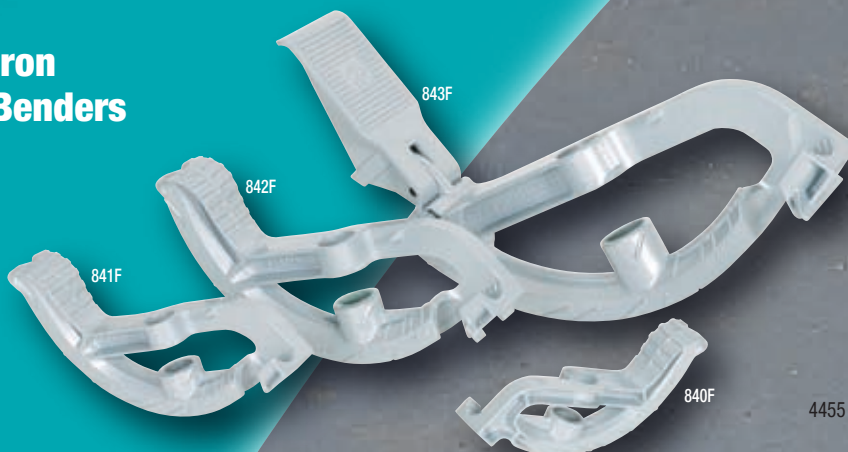

Catalog #	UPC #	Description	QTY
840A	12810	SITE-RITE® Aluminum Hand Bender Head for 1/2" EMT	1
841A	12838	SITE-RITE® Aluminum Hand Bender Head for 3/4" EMT, 1/2" Rigid/IMC	1
842A	12839	SITE-RITE® Aluminum Hand Bender Head for 1" EMT, 3/4" Rigid/IMC	1
843A	12524	SITE-RITE® Aluminum Hand Bender Head for 1-1/4" EMT, 1" Rigid/IMC	1
840AH	12676	SITE-RITE® Aluminum Hand Bender Head with Handle for 1/2" EMT*	1
841AH	12677	SITE-RITE® Aluminum Hand Bender Head with Handle for 3/4" EMT, 1/2" Rigid/IMC*	1
842AH	12678	SITE-RITE® Aluminum Hand Bender Head with Handle for 1" EMT, 3/4" Rigid/IMC*	1
840F	12831	SITE-RITE® Iron Hand Bender Head for 1/2" EMT	1
841F	12832	SITE-RITE® Iron Hand Bender Head for 3/4" EMT, 1/2" Rigid/IMC	1
842F	12833	SITE-RITE® Iron Hand Bender Head for 1" EMT, 3/4" Rigid/IMC	1
843F	12834	SITE-RITE® Iron Hand Bender Head for 1-1/4" EMT, 1" Rigid/IMC	1
840FH	12835	SITE-RITE® Iron Hand Bender Head with Handle for 1/2" EMT*	1
841FH	12836	SITE-RITE® Iron Hand Bender Head with Handle for 3/4" EMT, 1/2" Rigid/IMC*	1
842FH	12837	SITE-RITE® Iron Hand Bender Head with Handle for 1" EMT, 3/4" Rigid/IMC*	1
84H1	12689	Handle for 1/2" & 3/4" Aluminum or Iron Hand Bender Heads	1
84H2	12690	Handle for 1" Aluminum or Iron Hand Bender Heads	1
84H3	12691	Handle for 1-1/4" Aluminum or Iron Hand Bender Heads	1
